REMARKS/ARGUMENTS

Applicants wish to thank the Examiner for indicating that claims 1-27 would be allowable if Applicants overcome the claim rejections and objections, and the objections to the specification.

Claims 1-27 are pending.

Claims 1-27 have been amended to improve readability

Support for the amendments is found in the claims and specification, as originally filed. No new matter is believed to have been added.

In response to the objections to the specification, Applicants have amended the specification, as requested by the Examiner on page 2 of the Official Action. No new matter is believed to have been added.

Applicants further submitted a substitute for Figure 2 showing the probe 23' as described on page 20, line 10, of the present specification. No new matter is believed to have been added.

Applicants request that the objection to the specification be withdrawn.

In response to the claim objection and rejection under 35 U.S.C. 112, second paragraph, the claims have been amended.

Applicants request that the rejection be withdrawn.
